JUNE 2009

Volume 24, Number 6

## YOUR PRESIDENT'S COLUMN

JUNE 2009

Our community is so good to us!!! In a downturn economy, our Plant Expo totals EXCEEDED last year's. Not knowing what to expect and fearing a substantial loss of income, our co-chairs, Gloria, Chuck and Bob were able to walk away with smiles on their faces, as well they should.

This is such a concerted effort and is a major sign that the public has come to recognize the quality of our plants and the dollars they save by shopping at our Expo.

It has become an annual "event not to be missed", as our reputation continues to grow stronger every year

Our outstanding Treasurer, Karolyn Reicks, has produced comparison sheets dating back to 2005, and, for the first time ever, performed an inventory of plants sold so that we now know the quantity grown, and sold, of each species. This was quite an undertaking and now gives us so much more information we can use in determining plans for our greenhouses in future years. She must share one of my favorite quotes: "Knowledge is Power".

A big THANK YOU to every one of you who worked in whatever capacity to ensure another successful fundraiser...and, as usual...our great kitchen crew, under the leadership of Loreнна Remington, performed an admirable job in providing us great breakfasts and lunches. We have come to expect delicious food and have never left disappointed. Don't forget to pass on those recipes to Loreнна for our next cookbook.

This year, a decision was made to postpone our Trash to Treasure Sale to follow our Plant Sale so as not to wear everyone out!! I have been scouring my garage and shop areas and plan on having a couple of pickup loads to contribute. Everyone always enjoys working this fundraiser (which is our second highest), and Caroline Link stepped up..again.. to chair this important event for another year. Thanks in advance, Caroline.

Our nominations for 2009-2010 officers were made public at the May Chapter meeting and are included within this newsletter issue. As I draw nearer to the end of my final term of office, I have so many of you to thank for making my three years so successful....more on that later.

See you in the garden,

Elaine

### OUR MISSION

- EDUCATE HOME GARDENERS IN THE DOUGLAS COUNTY AREA WITH THE MOST PRACTICAL AND SAFE HOME
- HORTICULTURAL PRACTICES BASED ON A PROGRAM OF KNOWLEDGE UPDATE AND REGENERATION, AND,
- CREATE AN ATMOSPHERE OF ENJOYMENT FOR ALL

# Agent's Report by Steve Renquist

## Giving Good Advice to New Gardeners

Last month I talked about the huge number of new gardeners that are out there growing food for the first time. These rookie gardeners are tilling up plots that have probably not been prepared well and planting seeds or transplants without much knowledge. We are about 2-3 weeks into the new gardening season and the phones are already starting to ring with concerned callers on the other end. If you intend to help in the plant clinic this summer let's remember not to jump immediately to, what should I spray as a solution. Instead try to follow our plant disease and insect management handbook philosophy which is, describe the problem, look for symptoms and signs that will help you decide what the problem is, and then think about cultural practices that might help resolve issues before we spray.

When new gardeners come to us for advice, whether they are in the plant clinic, at the farmers market, or just talking with us in our neighborhoods be prepared to take some time with them. These people will often be looking for a gardening education and not just a solution to their dilemma. That is why I like to return to cultural practices as a way to resolve gardening problems. Think about all the steps listed below we take to create a good environment for our plants that eventually helps us succeed. New gardeners don't know this stuff.

1. Choosing a site, good sunlight, soil, drainage, no deer
2. Preparing our site, adding compost or manures, or making a lasagna garden
3. Planning our garden layout, keeping a record
4. Use our garden plans from previous years to plan a crop rotation
5. Knowing which plant varieties do well in our area
6. Knowing when to plant what veggies depending on soil and air temperature
7. Proper fertilization if soil tests find deficiencies, pH adjustment
8. Knowing when to water and how much, and when water causes disease
9. Mulches that help plants, mulches that harbor pests and tie up N
10. Knowing major pests of each veggie or fruit and when they appear
11. Knowing about cloth like row covers to prevent insect feeding
12. Growing plants vertically to reduce rots and be productive in a small space
13. Knowing how to attract pollinators and beneficial insects
14. Use companion plants that like each other for inter-planting. When one crop finishes the other fills out the space

When you share this type of information with new gardeners you will see their eyes light up. Most of us want to grow our veggies without pesticides and certainly on a small scale it can be done. As we help these new gardeners they will be bitten by the gardening bug and want to learn more. Don't forget to invite them to join us in the Master Gardener Program. Steve

## Master Gardener News & Notes

### Following is the information and directions for the June Meeting

The June Master Gardener meeting will be held at the house of Judi Danielson. Remember to bring your table serving, a chair along with your contribution for the pot luck.

Judi's home is near Umpqua Community College, but on the other side of the river. If you are starting from the Roseburg area go north on I-5 as if you were going to Sutherlin. When you cross the river take the exit as if you were going to the , (highway 99) make a right turn and go back across the river. Just a short block after leaving the newly rebuilt bridge turn left on Page Rd.

After you pass the grade school on your left start looking for a street named Thora Circle. You can only turn to the right. Now the hard part. Watch closely on your left because Thora Circle turns to the left and goes straight. Please make the turn to the left and go the point where the street turns to the right and comes back, making it a circle. The house number is 531 and if you get lost call 672-1821.

Those of you coming from the north go south as if to the College and from the stop sign after crossing back over I-5 make a right turn going over the newly rebuilt bridge to Page Rd.

Come prepared to have a good time and learn a bunch about back yard orchards. Steve Renquist, our advisor, lives very close by and has offered a guided visit to his yard.

V-P Roger Sawyer

### Mark Your Calendar for a June Fun Day

I have planned a fun day for **Wednesday, JUNE 17, 2009** at the home of **Bill & Sally Town**. They have a great place (park-like setting next to the creek) on Hwy 38 just before Scottsburg at Well's Creek. The address is **32865 State Hwy 38**. It is located right next to Bob's Market, at Well's Creek. Their driveway is just past the market and immediately before you cross the bridge. It takes approximately an hour to get there from Roseburg. People need to make their own arrangements to carpool. (It's definitely worth the drive.)

Anyone is welcome to come, Master Gardeners bring your spouse, friends, or neighbors. This is a fun day, no MG business. **Plans for the Day:** 1.—at **10:00 a.m.** Bill will give a **garden tour** and show you his great place. 2.—after the tour we will have a **potluck lunch** (bring food to share, your own tablesetting, something to drink, and a chair), there's a great picnic area with some shade for those who need it. 3.—After lunch those who want to partake in some silly fun will play **Poor Man's Golf** (a version of croquet using large softball's and lots of property), quite fun if you like to play crazy games.

Please come join in the fun, and have a relaxing day. Bill was a MG quite a few years ago. He is the guy who created all the neat rebar structures and figures that are incorporated throughout the Discovery Garden. Bill and Sally are great hosts, and look forward to seeing old friends and meeting new ones.

\*\*As a note, fun days are just that, fun days, you don't get MG hours for attending\*\*

Betty Ison

## Master Gardener News & Notes

### Tea Pot is Brewing

Yes, the teapot is turned on and brewing.

Come by on Tuesday 9am to pick your order up.

Business has been brisk; we thank you, Master Gardeners & others for assisting with this summer long fund raising activity.

### Brewing Team

To order email [hopover@gmail.com](mailto:hopover@gmail.com) or call 673-3818

\$2.00 a gallon.

For the best results apply either by soil drench or foliar spray within 8-12 hours. Thank you, Shirley

### DCMG Roster Updates

Members can use the following information to update their rosters. Please notify Mik Carlson of any roster changes that need to be made.

### MARVIN COX MEMORIAL

There will be a memorial service held for long-time MG Marvin Cox on Saturday, June 20<sup>th</sup> in the Pavilion in the Discovery Garden. There is to be a catered luncheon served following the service. Times are: 10:30 service, 11:30 luncheon.

I would appreciate an RSVP if you plan to attend. Please send to me at 957-9177 or [cfmoriarty2@gmail.com](mailto:cfmoriarty2@gmail.com)

Thanks, Elaine

## Master Gardener News & Notes

### HALLMARK

It's been a healthy month for us apparently. Have only sent out a few cards.

Susan Haack received minor injuries in an accident but what warmed my heart was that she sent me a "thank you" reply via email with the update that she's doing well.

I sent Rex May a "thinking of you" card.

As always, if you know of a member who might benefit from receiving a card from us, please let me know.

Linda Thames  
541-430-8424 (cell phone... my home answering machine has not been working reliably of late)

P.S. I finally found my good Gortex jacket in the M.G. Lost and Found even though I'd phone and inquired about it w/o finding it. Don't assume that a valued item of yours isn't there. I saw a very nice men's hat and other items that if not claimed soon will be given away.

The boxes of lost items are in the office back by the time sheet box.

### Nominating Committee

The nominating committee respectfully submits the following nominations for officers:

President: Judith Huntley  
Vice President: Liz Zamba  
Treasurer: Karolyn Riecks  
Secretary: Maureen Benice

Membership: Mic Carlson  
OMGA State Representative:  
Carolyn Register  
OMGA State Rep Alternate"  
Robyn Thompson  
Committee members: Pam Barrows, Judith Mercer, and Leo Grass wish to thank the nominees for graciously accepting these nominations. Nominations will be accepted from the floor at the June business meeting. Officers will be elected at the July meeting, and installed at the August business meeting.

### RECIPES – RECIPES – RECIPES PLEASE !

The MG/MFP Cookbook would like to have your favorite recipes... AND gardening and cooking tips.

Please get a submission form from the OSU Extension Office in the Plant Clinic, or you can ask any of the cookbook committee people listed below. If you fill out the recipe information (one recipe per sheet), who knows, you may have your recipe and name in print ! IT'S EASY!! When you have the information filled out just return it to the Plant Clinic, in the box marked "RECIPES".

Cookbook Committee:

Maureen Benice  
Pan Carroll  
Rustee Chastain  
Leslie Farrell  
Joan Fedder  
Deb Haynes  
Dave Helsley  
Philece Humphrey  
Doug & Geri Johnson  
Len Lanza  
Lorena Remington  
Cindy Rich  
Linda Thames

Check your roster for email/phone number

### OSU Extension and the Douglas County Master Food Preservers

will hold  
their next *In The Kitchen* food preservation class  
Thursday, June 11, 2009  
10:00 am to 2:00 pm  
Sutherlin Community Center  
150 S. Willamette St.

This workshop will focus on water-bath canning. Participants will learn to safely prepare and process a variety of jams, jellies and other spreads, as well as fruits and pie fillings for year-round enjoyment and gift-giving. Low-sugar and no-sugar options will be discussed.

Cost for the class is \$15.00.  
**You must preregister with payment by noon on Tuesday, June 9.**

Stop by the Extension office at 1134 SE Douglas in Roseburg to pick up a registration for or print one at <http://extension.oregonstate.edu/douglas/sites/default/files/documents/food/cregmfp08.pdf> and mail it with your check to:

Douglas Co/OSU Extension  
Attn: MFP-CL  
PO Box 1165  
Roseburg, OR 97470

Questions? Call the OSU Extension office at 672-4461.

## Master Gardener News & Notes

### GREENHOUSE

The Plant Expo Chairs want to thank all the new MG's and the veterans who gave of their time, all year long, to help prepare for our very successful plant sale. There is no way this could have happened without all the hours you willingly volunteered. A very special thank you has to go to Tasha King for all her dedicated work and time spent running the work crews and the extra hours she put in to getting things completed. Also a special thank you to Karolyn Riecks for all the thousands of labels she printed up for the greenhouse area and for those preparing plants at their homes.....that was a huge job and a job well done. To the watering crew (Irene Thomason, Philece Humphrey, Anne Waddington, Maureen Benice, and Tasha) a special thanks for giving of extra time to keep everything looking good.

Another big thank you we would like to make is to Richard Johnstone and his wonderful helpers (Noel Groshong, Jim Ivy, Dave Hopkins, Ted Benice, Larry Sutton, and if we have forgotten anyone we are sorry) who worked so hard to get the greenhouses up and running and for putting in the new heat beds. What you accomplished for us, in such a timely manner, was a tremendous help this year.

So again to all of you a huge thank you and look forward to working with everyone again next year.

### Plant Expo Chairs

### PLANT SALE

The Plant Sale Chairs would like to take this opportunity to thank everyone who came out and volunteered their time at the greenhouses and worked the plant sale to make it another very successful year for our organization. We raised a total of \$29,413.85 including the pre-plant sale and the ancillary income streams supporting the main sale in the Exhibit Bldg. What we made was an increase of \$2,232.02 over 2008 plant sale. We consider this an outstanding performance by all. Now we are doing post-plant sales, so if there is more shopping you need to do for your gardens, we are open for business on Tuesday's from 9:00 to noon. For those of you working the plant sale for the first time, you have had the opportunity to see all the work that goes into preparing for this event and we look forward to your coming out to help prepare for next years Plant Expo.

We very much want to thank all the committee heads for another excellent year: Richard Johnstone (transportation), Philece Humphrey (checkers/cashiers), Judi Danielson (holding area), Ray Link (pickup area), Larry Sutton (security), Leo Grass (reference table), Anne Waddington (floor coordinator), Lorenna Remington (kitchen), Debbie Haynes (raffle table), Marianne Major (clean-up), Kathy Bennett (publicity), Liz Zamba (boxes), Mary Lou Davidson (vendor services) and last, but not least,

a huge thank you to Betty Ison for all her work at the greenhouses prior to sale and the floor set-up, which again looked fabulous when the doors opened.

We hope you all had an enjoyable time and look forward to working with all of you again next year on Friday, April 30, 2010 for set-up and Saturday, May 1, 2010 for the Expo.

*PLANT EXPO CHAIRS*  
Gloria Amorde, Chuck Aiello  
and Bob Brindley

# DCMG GENERAL MEETING

May 28, 2009

The meeting was called to order at 10:04AM. by **President, Elaine Moriarty**. Approximately 48 members were in attendance.

## Reports

**Treasurer: Karolyn Riecks** reported overall total balances as of 5/27/09 of \$37,164.14. The Plant sale figures: Income; Drawings 717.00, Entry Fees 1,890.45, Sales-event 20,650.00, Sales-pre 3,518.40, with a total Plant Sale income of 29,413.85. Total Plant Sale Expenses are 5,779.23 so far.

**Vice President: Roger Sawyer** reported that next month's meeting starts the Summer Meeting program and it will be held at **Judi Danielson's**. Information on how to get there will be in the Newsletter. **Elaine Moriarty** reminded everyone that our meetings are open to friends and family...just bring food.

**State Representative: Carolyn Register** said information on Mini-College is downloadable on the site mentioned in the latest email. That the Off-Campus price in the previous email was a typo and the cost is \$70, not \$470. Mini-College is August 5-8 and registration is to open June 1<sup>st</sup>. She requested silent auction items to take to Mini-College and received a few suggestions and pledges of two bonsai maple trees from Maplewood Trees and a stepping stone made at the class that **Judy Dake** and **Kathren McIntyre** are holding in June.

**Membership: Mik Carlson** said that there are 273 members.

## Committee Reports

**Plant Clinic/Farmers Markets: Judy Mercer** reported that Veteran alternates are needed for Plant Clinic.

**Community Outreach: Leo Grass** said that **Philece Humphrey** and **Tasha King** grew marigolds and **Barbara Robinson** helped the kids at Fremont Jr. High plant them. He said he had an email sent around concerning a two-month, full time job at Phoenix School helping with their garden program.

**Awards: Betty Ison** said there were no awards.

**Hallmark: Linda Thames** reported that **Yvonne Henderson** fell and broke her wrist while helping the loading of plants at the greenhouse for the Plant Sale. She came to the Plant Sale the next day. **Susan Haacke** was in an accident and got whiplash and **Rex May** will receive and "Thinking of You" card.

**Agent Report: Steve Renquist** said he had some House/Garden pest booklets left. He gave an update on funding of the Extension Services. The County is good but has requested that the Extension pay for the utilities in this building, so be energy wise. At the State level the May budget estimate deficit is smaller than expected and that there was a constant growth of budget, not of revenues. There may be a restructuring where the Regional offices will have more specialty people and the County office have one generalist. More accurate financial information will come in July or August. He also said that he will open his gardens up for touring at the next General meeting since he lives within walking distance of **Judi Danielson's**.

## Old Business

**Plant Sale: Gloria Amorde** announced that there will be a Plant Sale meeting after this meeting.

Continued on next page

# DCMG General Meeting continued

## New Business

**Trash to Treasures:** **Caroline Link and Kathy Bennett** reported that the big ad for the sale will come out tomorrow. **Caroline Link** said there would be a brief meeting at the back of the room directly after this meeting. Friday people should be here at 8:30 AM and Saturday at 8:00 AM. **Judy Mercer** asked if the MG Booth at Farmers' Market was still going to be held on Saturday and was answered, "yes." She said there were two associates signed up and no veterans. It was suggested she have an email sent requesting veterans for the Farmers' Market.

**Elaine Moriarty** announced that Newsletter articles should be sent to **Ted Benice** before Saturday at noon.

**Butterflies and Blooms in Elkton:** **Larry Sutton** needs three more people to be present at the MG booth there on June 13<sup>th</sup>, 10:00 AM – 5:00 PM.

**Nomination of Officers:** **Leo Grass** reported the slate of nominated officers: President, **Judy Huntley:** Vice-President, **Liz Zamba:** Secretary, **Maureen Benice:** Treasurer, **Karolyn Riecks:** OMGA Representative, **Carolyn Register:** OMGA Alternate, **Robyn Thompson:** Membership, **Mik Carlson.** The slate of Officers will be printed in the June Newsletter, voted on at the July General meeting and installed at the August General meeting.

**Good of the Order-Show and Tell:** **Philece Humphrey** asked if anyone had seen a pink clipboard at the Plant Sale or knew where it was put. It is hers and it had one sheet of information on it that she wants. **Liz Zamba** said she brought some tomato plants to give away. They are on the table in the hall.

The meeting was adjourned at 10:45 AM

Respectfully submitted,

### Treasurer's Report As of 5/29/2009

#### Account Balances

CD - Reserves - \$4,200.00  
Checking - \$3,594.40  
Money Market - \$28,287.22  
Reserves - \$300.00  
Bulk Mail - \$270.74

**Total \$36,652.36**

Sales figures for the Plant Expo are:

Pre-sale - \$3,518.40  
Drawings - \$717.00  
Entry Fees - \$1,890.45  
Event Sales - \$20,650.00  
Vendor Booth - \$2,638.00

## Notes from the Plant Clinic by Judy Mercer

As all of you know who have worked in the Clinic; we are challenged for space. The clinic has always been the depository for lost items. We have diligently held them there for their owners to reclaim; however some of these items are on the verge of becoming antics while in our care. In the future any items coming into the clinic will be tagged with a date and held for one month. At the end of the month they will then be donated or thrown out. If you have any missing clothing, cushions, kitchen items etc. please stop by and see if they have been residing with us. Our current items are dated to go out on June 15<sup>th</sup>.

We are just getting into the busy time in the Clinic and have a real need for volunteers. June has several openings for both Veterans and apprentices. You can stop by the office or call during regular hours to ask about open slots. The community supported us by passing Prop. 1086 and this is a great way to give back to them.

### Protocol for Alternates in the Plant Clinic.

If you are signed up to work the Plant Clinic it is your responsibility to get an alternate if you are unable to be there. To expedite this process we will publish the list of Alternates in each month's news letter. Preceding the

name will be a V or T designating veteran or trainee. If the volunteer is only available on certain days that designation will follow their name.  
June
